## 1A. COAT OF ARMS

The **Coat of Arms** of the University of Namibia (UNAM) is a heraldic device, whose design is grounded on an academic tradition that has been in practice for many centuries. It comprises three elements: a shield, a base, and a motto contained in a scroll.

**The shield** is the central and most prominent feature of the Coat of Arms. It contains a symbol of the sun, based in the Namibian flag; and an open book. It, indeed, represents the link between the University and the Namibian nation. The sun and the book are joined together to form an integrated element, which is suspended in a field of crimson.

**The book** represents the University as an Institution of higher learning, and symbolises the academic freedom of enquiry.

**The sun** represents life and energy. The integrated symbol of the sun and the book carries a double meaning. Firstly, it represents the envisaged harmony between the University and the Namibian nation, as expressed in the University of Namibia Act, No. 18 of 1992, which expects UNAM to develop the highest quality education that caters for the needs, interests, and aspirations of the people of Namibia. Secondly, it represents the light and enlightenment radiating from the Institution.

**The crimson colour** represents the vitality and courage of the people of Namibia, whose collective vision, determination and sacrifice brought about an enabling environment that now permits Namibian citizens to acquire appropriate knowledge, ideas, and skills through University education, and to develop their full potential. It represents the organic link between the University and the Nation, whose colours also include crimson. It also reminds us of the world wide historical symbol that “**the life is in the blood, and blood is life**”

The chlorophyll-green **Welwitschia mirabilis** plant at the base, one of the oldest plants in the world, which is only found in the Namib Desert, symbolises endurance and continuity. In addition, its position as the base for the symbolic elements of learning and enlightenment signifies that the strength of the University is grounded in the ideals, the culture and the traditions of the people of Namibia, and has inherent qualities of creativity, endurance, and fortitude in difficulties. *Welwitschia*, indeed, survives in a hostile environment by harvesting the desert fog.

**The motto** of the University: **Education, Service and Development**, declares the mission of the Institution, and serves as a source of inspiration to both learners and teachers, and also UNAM's entire community.

## 1B. UNAM LOGO

The Logo comprises **3 elements** lifted from the Coat of Arms: the sun, the book, and the colour red.

**The Sun** is a strong reminder of the origin of the University and is an iconic link to the country's flag.

**The Book** with opening pages speaks to the opening of one's mind and is a graphic reminder of the freedom of knowledge and the power of enlightenment.

**The Colour Red** represents the vitality and courage of the people of Namibia, the iconic Namibian dunes and the strength of the University.

### A. GENERAL REGULATIONS

#### 7.1 PRE-AMBLE

- 7.1.1 The regulations that appear in this Prospectus are based on the University of Namibia Act, no 18 of 1992, and the statutes and regulations approved by Council and Senate in terms of the Act and Statutes.
- 7.1.2 These general regulations apply to all faculties unless expressly excluded by special regulations of a faculty.
- 7.1.3 If the special regulations of a faculty prescribe special requirements for the study of a module, such regulations also apply where the said module is offered in another faculty, unless the special regulations of the latter faculty prescribe otherwise.
- 7.1.4 Senate reserves the right to alter, amend, cancel or replace any of the academic regulations, and shall be the final authority for the interpretation of these regulations.
- 7.1.5 Subject to 7.1.4, no student who has started a programme of study following one set of regulations shall be adversely affected by a regulation subsequently adopted.
- 7.1.6 Senate has the power to exempt any student from any of the academic regulations.
- 7.1.7 Plagiarism: Plagiarism is intellectual theft in the sense that another person's creative work, composition, and ideas are appropriated by another person without permission and without proper acknowledgement of the original source. It constitutes serious academic fraud. Furthermore, it involves among other:
- (a) Copying without quotation marks or paraphrase without acknowledgement from someone else's writing;
  - (b) Using someone else's facts or ideas without acknowledging them;
  - (c) Submitting assignments for one course or module that the student had submitted for credit for another course or module without the express permission of both lecturers.
- The University of Namibia has strict rules to enforce the Policy. The Policy on Plagiarism is available within the respective Faculties/Centres/Library, and on the UNAM Website: <http://www.unam.na>
- 7.1.8 In these regulations the following terms shall be used as indicated:
- (a) **Admission**

## 7.2 APPLICATION FOR ADMISSION

- 7.2.1 (1) All prospective students must apply for admission to the University of Namibia on the prescribed form. Application forms are available on request from the University of Namibia as well as online at:  
[http://www.unam.na/prospective/application\\_forms.html](http://www.unam.na/prospective/application_forms.html)

- (2) Completed application forms, accompanied by application fees and relevant documentation as prescribed, must be returned to: **The Office of the Registrar**; University of Namibia; Private Bag 13301; Windhoek; NAMIBIA, or delivered to any UNAM Campus, Attention: Office of the Registrar.
- (3) Applications will not be considered until the University has received the application form accompanied by the prescribed application fees and relevant documentation.
- (4) The closing date for all applications will annually be determined by the Calendar & Timetable Committee.
- (5) All applications are subject to a selection process.
- (6) Applicants will be notified as soon as possible after the closing date whether or not their applications for provisional admission were successful.
- (7) According to the Immigration Control Act of 19 August 1993, all International students (SADC and Non-SADC) must be in possession of a valid approved Study Permit and Visa before entering Namibia for the purpose of studying. All prospective, first and senior students are required to apply for a Study Permit and Visa on the prescribed forms obtainable from the University of Namibia or at the Namibian Embassy in any country or the nearest Namibian Embassy.

Only persons with permanent Namibian Residence, Refugees or Asylum Seekers and Diplomatic representatives are exempted from applying for a Study Permit and Visa. Study Permits, Work Permits and Tourist Visas are not interchangeable. Candidates in possession of a work permit still need to apply for a study permit if offered provisional admission to the University of Namibia.

The University of Namibia and the Ministry of Home Affairs and Immigration (Namibia) have a temporary arrangement that students may apply for their Study Permits during the duration of the scheduled registration period.

### 7.3 GENERAL ADMISSION CRITERIA FOR UNDERGRADUATE PROGRAMMES

#### 7.3.1 (1) Undergraduate Degree Programmes

Subject to Faculty Special Regulations, the normal basic requirement for entrance to undergraduate degree programmes shall be a Namibia Senior Secondary Certificate (NSSC), provided that the candidate has passed **five subjects** normally in not more than three examination sittings with a minimum of **25 points** on the UNAM Evaluation Scale, or passed the UNAM Foundation programme with a minimum of 60% average. In addition to the 60% average, the students need to pass all five subjects with a minimum of 50%.

The following will be taken into consideration when computing the point scores:

- (i) the score will be calculated by adding together the points of the best five subjects only;
- (ii) one of the five subjects must be English;
- (iii) should a specific subject be a prerequisite for entry to a faculty, that subject must also be one of the five subjects counted.

Candidates with a 2 year diploma (equivalent to 240 NQA credits) from a recognized institution may be granted admission to an undergraduate degree programme (with 25 points as minimum entry requirement), provided that the minimum entry requirement to the diploma was at least 22 points in five subjects on the UNAM Evaluation Scale with English as a Second Language grade D or better.

#### Undergraduate Diploma Programmes

Subject to Faculty Special Regulations, the normal basic requirement for entrance to undergraduate diploma programmes shall be a Namibia Senior Secondary Certificate (NSSC), provided that the candidate has passed **five subjects** normally in not more than three examination sittings with a minimum of **22 points** on the UNAM Evaluation Scale or passed the UNAM Foundation programme with a minimum of 55% average. In addition to the 55% average, the students need to pass all five subjects with a minimum of 50%.

The following will be taken into consideration when computing the point scores:

- (i) the score will be calculated by adding together the points of the best five subjects only;
- (ii) one of the five subjects must be English;
- (iii) should a specific subject be a prerequisite for entry to a faculty, that subject must also be one of the five subjects counted.

#### Undergraduate Certificate Programmes

Subject to Faculty Special Regulations, the normal basic requirement for entrance to undergraduate certificate programmes shall be a Namibia Senior Secondary Certificate (NSSC), provided that the candidate has passed **five subjects** normally in not more than three examination sittings with a minimum of **17 points** on the UNAM Evaluation Scale. The following will be taken into consideration when computing the point scores:

- (i) the score will be calculated by adding together the points of the best five subjects only;
- (ii) one of the five subjects must be English;

(iii) should a specific subject be a prerequisite for entry to a faculty, that subject must also be one of the five subjects counted.

(2) Undergraduate Degree Programmes

English is a compulsory subject and should normally be obtained at NSSC (English as a Second Language) grade C or better, or at NSSC (English as a First Language) grade D or better. Candidates with a score of at least **27 points** on the UNAM Evaluation Scale, with grade D obtained at NSSC (English as a Second Language), will be considered for admission.

Undergraduate Diploma Programmes

English is a compulsory subject and should normally be obtained at NSSC (English as a Second Language) grade D or better.

Undergraduate Certificate Programmes

English is a compulsory subject and should normally be obtained at NSSC (English as a Second Language) grade E or better.

- (3) Other school-leaving qualifications may be accepted on their own merit as alternatives, and will be evaluated according to 7.3.1 (1)&(2).
- (4) Places will be awarded on the basis of merit. Therefore the possession of a Certificate with the minimum score does not necessarily guarantee admission. Entrance is based upon places available within the faculties.
- (5) Faculty admission requirements are prescribed by each faculty. Prospective students must acquaint themselves with the faculty admission requirements as stipulated by the respective Faculty Special Regulations. Such requirements may include an admission test.
- (6) The University of Namibia reserves the right to interview candidates before admission.
- (7) **UNAM Evaluation Scale:**

## 7.4 MATURE AGE ENTRY SCHEME

- 7.4.1 (1) Candidates aspiring for admission to UNAM's undergraduate programmes through the Mature Age Entry Scheme must satisfy the following conditions:
- (a) They should be at least 25 years old on the first day of the academic year in which admission is sought;
  - (b) They should preferably have successfully completed junior secondary education (senior secondary education for School of Medicine, School of Pharmacy, Faculty of Engineering and Information Technology, Bachelor of Accounting (Chartered Accountancy), Bachelor of Law (Honours)); and
  - (c) They should normally have proof of at least five years relevant work experience relating to the proposed study programme.
- (2) The applicants will be required to complete Mature Age Entry Application Forms, and return them to the Office of the Registrar, University of Namibia, accompanied by a processing fee as well as relevant documentation (as stipulated in the Application Form). They will then sit for the Mature Age Entry Test, which will consist of three / four papers:
- (a) Paper 1: An English Test;

- (b) Paper 2: A General Knowledge Test;
  - (c) Paper 3: A Numerical Ability Test;
  - (d) Paper 4: A Faculty Specific Test (where applicable).
- (3) Candidates who, in the opinion of the relevant Faculty, merit further consideration may be called for an interview before the final selection is made.

## 7.5 REGISTRATION

- 7.5.1 (1) Students must abide by the registration programme and relevant deadlines.
- (2) A student shall, prior to the commencement of his/her studies, register annually as a student of the University of Namibia, thereby binding him/herself to the rules of the University of Namibia and undertaking to pay the prescribed fees. A student is provisionally registered until s/he submits his/her original certificates serving as requirements for admission to a particular course of study. Such certificates must be submitted before the last day as annually approved by the Calendar & Timetable Committee in the year in which s/he first registers as a student, unless the Registrar allows him/her extension of time.
- (3) Students must provide the Office of the Registrar with a postal and residential address as well as an address for the receipt of University of Namibia correspondence/accounts. Any **change** in this address must be submitted to the Office of the Registrar **without delay** but not later than 7 days after such a change. Official correspondence/accounts sent to the addresses thus provided by the student will be deemed to have been received by him/her.
- (4) The Calendar & Timetable Committee will annually determine the closing date for registration.
- (5) No student shall be admitted as a candidate for more than one qualification at the same time without the special permission of Senate. Likewise, no student registered at the University of Namibia shall be permitted to enroll as a student at another university at the same time.
- (6) Senate may, after consultation with Faculties, restrict the number of candidates who may be permitted to register for a particular course of study, in which case Faculties may, from amongst the candidates qualified to register for such a course of study, select those who will be permitted to register.
- (7) On **first registration** an original certificate serving as admission qualification must be submitted together with an original identity document or any other documents needed to establish the identity of the student, plus such other documents as specified per faculty or in the letters of admission.
- (8) International students must submit their Namibian School Leaving Certificate (Grade 12) if they attended a Secondary School in Namibia.
- (9) International students should note that only original School Leaving Certificates or an Advice of Results with a confirmation from the relevant Examination Authority stating that certificates will be issued during the first year of registration, will be accepted. No student will be allowed a second registration without their original School Leaving Certificate.
- (10) Students should ensure that they are registered for the correct course of study and module(s) (e.g. verify course/module codes and correct semester). No additional registration will be allowed after the deadline as annually determined by the Calendar & Timetable Committee.

## 7.6 REGISTRATION FOR NON-DEGREE / NON-DIPLOMA PURPOSES

- 7.6.1 (1) A student who does not wish to register for a degree or diploma, but is only interested in (a) particular module(s) may register for non-degree/non-diploma purposes if s/he meets the admission requirements for the particular module(s).
- (2) Modules followed for non-degree/non-diploma purposes are subject to the same conditions and other stipulations as those applicable to students following these for degree or diploma purposes.
- (3) Modules in which a student has passed will not necessarily be recognized as credits for a future degree or diploma. The granting of such credit may be considered only if the student has **qualified for admission to study** for the relevant degree or diploma.

## 7.7 REGISTRATION AS A GUEST STUDENT

- 7.7.1 (1) Any person who does not want to follow an approved degree, diploma or certificate course of study but who wants to attend lectures in one or two modules may be admitted as a guest student, if s/he:
- (a) completes the prescribed application form;
  - (b) obtains the written permission from the relevant lecturer(s) to attend the lecture(s);
  - (c) registers as **guest student** (including payment of the prescribed fees and submit relevant admission documents) and submits such proof of registration to the relevant lecturer(s).

(2) A guest student is **not entitled** to formal evaluation and certification, i.e., s/he will write no tests or examinations and receive no credit for attending lectures in (a) specific module(s).

(3) A guest student is **entitled** to certain rights/privileges as determined by the Office of the Registrar.

## 7.8 TIMETABLE

7.8.1 Students are responsible for selecting their modules within the framework of the UNAM timetable. Students will not be allowed to register for more than one module in the same timeslot.

## 7.9 SEQUENCE OF MODULES

7.9.1 A student must have a continuous assessment (CA) mark of at least 40% (i.e. examination admission) in a module to be allowed to continue with any module for which the first one is a co-requisite.

## 7.10 CHOICE OF MAJOR(S)

7.10.1 A candidate shall not offer as a major for a degree/diploma subjects which were majors of a degree/diploma already conferred upon him/her, but shall offer alternative subjects approved by Senate.

## 7.11 AMENDMENT OF STUDY PROGRAMME/CURRICULUM/MODULE(S)

- On the recommendation of the relevant Faculty, a student who obtained a pass in a two-year Diploma of UNAM may be allowed by Senate to enter Year 2 of a related Bachelor's Degree programme. S/he may, however, be required to successfully complete some core prerequisites s/he may not have taken in the Diploma programme.
- On the recommendation of the relevant Faculty, a student who obtained a pass in a three-year full-time Diploma programme of UNAM may be allowed by Senate to enter Year 3 of a related Bachelor's Degree programme. - On the recommendation of the relevant Faculty, a student who obtained a credit in a 4-year diploma programme of the University may be allowed by Senate to enter Year 3 of a 4-year degree programme. S/he may, however, be required to successfully complete some core prerequisites s/he may not have taken in the Diploma programme.

#### **8.3.4 DURATION OF BACHELOR'S DEGREE PROGRAMMES**

- Subject to the provisions of Faculty Special Regulations, the duration of full-time study for a Bachelor's Degree shall normally be four years, and six years for the MBChB, excluding the Student Internship period.

### 9.4.1 APPLICATION FORMS

Applications for postgraduate studies should be made on a University **postgraduate application form** which is available on request from the Office of the Registrar, Student Records Section, and can also be downloaded from the UNAM Webpage: <http://www.unam.edu.na>

Before completing the application form, applicants must familiarise themselves with all aspects pertaining to postgraduate studies as set out in this prospectus. Applicants must also acquaint themselves with the different modes of the programmes offered (e.g. taught programmes or by thesis/dissertation only, full time or part time). Applicants must ensure that all relevant documentation is submitted with the application form, together with a **non-refundable application fee**. Receipt of the application will be acknowledged by mail.

**Prospective students with qualifications obtained from an institution outside Namibia (or non-accredited institutions in Namibia) must submit a Namibia Qualifications Authority (NQA) evaluation for such qualification together with their application forms compulsory. Please Note: this process takes at least 30 days and proof of submission to NQA will NOT be accepted.**

All Master's by Thesis and Doctorate by Dissertation must submit a research topic concept note (maximum two pages) together with the application form. No consideration will be given to applications without the concept note.

**Incomplete applications will not be considered.**

The closing date for taught Master's and taught Doctoral applications is end of **July** of each year or as advertised (**No late applications will be accepted**).

**Application for Master's and Doctoral programmes by thesis/dissertation only, will be accepted throughout the year.**

### 9.4.2 PROCESSING OF APPLICATIONS

The completed application forms will be processed and forwarded by the Student Records Section to the Centre for Postgraduate Studies which will in turn forward the applications to the relevant Faculty/School/Department Admission Committees.

### 9.4.3 ADMISSION OF STUDENTS

The Department/School recommends admission through the Faculty to the Centre for Postgraduate Studies taking into account the applicant's fulfilment of the minimum admission requirements, availability of supervisors and space. A provisional admission letter indicating further conditions to be met as applicable will be issued to prospective student.

Master's by Thesis and Doctoral programmes by Dissertation

The relevant Faculty PGSC will recommend Supervisor(s) according to the applicant's area of study to the UNAM PGSC for approval.

Upon approval of the supervisor(s) by the UNAM Postgraduate Studies Committee and verification of other conditions, an admission letter is issued by the Centre.

It is the responsibility of the student to ensure that the supervision agreement (Annex 1 – see Postgraduate Prospectus) is signed with the supervisor. After verification of this agreement by the Faculty PGS Officer the student may register during the next registration period (first week of the month).

Master's and Doctoral Programmes by coursework

Upon recommendation by the relevant Department/School, the FPGSC will recommend a supervisor(s) according to the applicant's area of study to the UNAM PGSC for approval, at least six months before the start of the research component.

### 9.4.4 STUDY PERMIT REQUIREMENTS

According to the Immigration Control Act of 19 August 1993, all International students (SADC and Non-SADC) must be in possession of a valid approved Study Permit and Visa before entering Namibia for the purpose of studying. All prospective (first and senior) students are required to apply for a Study Permit and Visa on the prescribed forms obtainable from the University of Namibia or at the Namibian Embassy in any country or the nearest Namibian Embassy or Ministry of Home Affairs and Immigration (Namibia) website.

Only persons with permanent Namibian Residence, Refugees or Asylum Seekers and Diplomatic representatives are exempted from applying for a Study Permit and Visa. The mentioned categories are exempted on condition that they provide the relevant documentation (i.e. Permanent Residence Permit, approved and endorsed Refugee/ Political Asylum Seekers status, a Courtesy Visa which confirms diplomatic status) to the University of Namibia.

Study Permits, Work Permits and Tourist Visas are not interchangeable. Kindly note that candidates in possession of a work permit will need to apply for a study permit if offered provisional admission to the University of Namibia.

The University of Namibia and the Ministry of Home Affairs and Immigration (Namibia) have a temporary arrangement that students may apply for their Study Permits during the duration of the scheduled registration period.

## 9.5 REGULATIONS ON THE TEACHING AT POSTGRADUATE LEVEL

- (1) To teach and supervise students at the master's and doctoral programme levels, a member of staff shall have a doctoral degree or equivalent in the discipline of the postgraduate programme being offered.
- (2) To teach and supervise students at the postgraduate diploma programme levels, a member of staff shall have a Master's or equivalent in the discipline of the postgraduate programme being offered.
- (3) Members of staff without PhD or equivalent qualifications but with specialised expertise can co-teach with members of staff holding doctoral degrees.

## 9.6 GUIDELINES ON THE RESEARCH SUPERVISION OF POSTGRADUATE STUDENTS

### 9.6.1 ASSIGNMENT OF SUPERVISORS

- (1) Every postgraduate student shall be assigned a supervisor/supervisors (at least **one** (1) supervisor for Master's students and **two** (2) supervisors for Doctoral candidates) nominated by the relevant Department, recommended by the relevant Faculty Postgraduate Committee and approved by the UNAM Postgraduate Studies Committee on recommendation of the Faculty Postgraduate Studies Committee.
- (2) Where the student's research topic is multidisciplinary in nature, or where there is need for additional expert supervision in the same discipline, or where the student's postgraduate training programme involves sandwich arrangements, one or more additional supervisors may be appointed.
- (3) Postgraduate student supervisors will be appointed from suitably qualified members from UNAM Faculties/Centres; where there is a need to appoint an external supervisor there should be another supervisor from UNAM.
- (4) A supervisor for Master's and Doctoral students must have a doctoral degree and expertise in the field of study that he/she is expected to supervise. In addition, the supervisor must have relevant research and publication experience.
- (5) For purposes of mentorship, the co-supervision at all levels is strongly recommended. A supervisor without a doctoral degree will be considered to supervise Master's students (normally as a co-supervisor) subject to approval by the UNAM PGSC.

### 9.6.2 GENERAL DUTIES AND RESPONSIBILITIES OF POSTGRADUATE SUPERVISORS

- (1) The supervisor must have a thorough understanding of the University's Postgraduate Regulations and Guidelines, in order to effectively guide the student towards attaining the stipulated standards.
- (2) The supervisor has the responsibility of ensuring that their students make progress in their studies. Where there are problems affecting the student's research progress, these shall be communicated to the UNAM Postgraduate Studies Committee through the Head of the relevant Department and the Faculty Postgraduate Studies Committee.
- (3) Supervisors should understand that:
  - (a) The Master's thesis research programme is designed as a **training** course, whereby it is intended that the student will:
    - \* be exposed, acquire and apply fundamentals of research,
    - \* acquire certain new techniques and methods of research,
    - \* learn how to present the results of research in a scholarly manner, and
    - \* make some contribution to knowledge.
  - (b) Master's students require close and careful supervision because they usually lack previous research experience, especially during the early stages of their theses (when learning about research methodology, experimental design and research technique) and also when preparing the initial drafts of their theses.
- (4) The supervisor of a Doctoral candidate should recognise that the candidates, in most cases, will have acquired some research experience when they were Master's degree students. What is expected of the Doctoral candidate is thus qualitatively and quantitatively more than outlined above for Master's degree students. Here the supervisor expects the candidate to:
  - \* make a **distinct and original contribution to knowledge**, of fact and/or theory;
  - \* produce a considerable amount of **original work**;
  - \* undertake a more critical and extensive review of the relevant literature than is the case for Master's students, and
  - \* exercise considerable initiative in conducting the research.
- (5) After completion of a research proposal, the doctoral candidate should be able to work **independently** and be **guided** rather than be directed by his/her supervisor. It is, nevertheless, the supervisor's responsibility to guide the candidate in the right direction.
- (6) During the initial phase, the supervisors have the responsibility of assisting their candidates in the design and formulation of appropriate postgraduate research projects.
- (7) Supervisors should be able to determine, through their previous research experience, potential impediments to the research problem and advise the students on what can be achieved meaningfully, within the time allocated for the study.

- (8) The supervisors have the responsibility of monitoring the student's research progress throughout the research period:
  - (a) Both the supervisor and the student must submit **compulsory** report on the progress of the student to the relevant Departmental HoD before the end of each semester (Annex 3A and 3B – See Postgraduate Prospectus). The Faculty PGSC will study the reports and take the necessary steps to resolve problems (where necessary).
  - (b) Where the departmental HoD is the supervisor, the deputy dean of faculty should sign.
  - (c) A summary report of all progress reports received and recommendations from the Faculty PGSC on problems identified and actions taken must be tabled during the **July and November** UNAM PGSC meetings.
  - (d) In order to ensure that the thesis/dissertation research proposals benefit from inputs from other academics in the Departments, every Faculty offering postgraduate programmes shall, in consultation with the supervisors, arrange at least one **compulsory** research seminars, which will enable the candidates to refine and improve the research proposal, report on progress and learn from others.
- (9) The supervisor has the ultimate responsibility of assisting the student to give an appropriate title to the thesis/dissertation, and to guide him/her on the presentation of the research results in the form of a scholarly thesis/dissertation, in accordance with the set guidelines.
- (10) The supervisor and student should have regular meetings to discuss progress on the research project.
- (11) Although the writing of the postgraduate thesis/dissertation is the responsibility of the student, it is the supervisor's role to ensure that the standards set by the University are adhered to. The supervisor should:
  - (a) be accessible to the student during the critical stage of thesis/dissertation writing;
  - (b) discuss the drafts of the thesis/ dissertation with the student throughout the process;
  - (c) read the student's thesis/ dissertation carefully and critically, indicating where improvements are needed, e.g., where there is paucity of information, and where the important findings could be published, , etc.;
  - (d) at the conclusion of the work, read the entire thesis/ dissertation, and advise whether or not it is in a form suitable for presentation to examiners;
  - (e) but should not be responsible for personally editing language usage in the thesis, or correcting typographical errors. He/she should however, point out language and typographical errors.
- (12) If the student has two or more supervisors, one of these should be appointed as main supervisor and the rest as co-supervisor(s).
- (13) Should a supervisor be away from the University for more than three consecutive months, an acting supervisor must be appointed. In the case of absence of main supervisor, the co-supervisor will act. Where a student has only one supervisor an acting supervisor must be appointed by UNAM PGSC on recommendation of the FPGSC.
- (14) Where continued supervision is a condition of sabbatical or extended research leave, the Head of Department must ensure that these conditions are adhered to.
- (15) Where a supervisor retires or resigns from the University, he/she shall cease from supervising any student(s) under his charge, unless there is an agreement in writing for the continued supervision of the student(s).
- (16) If, in the course of the student's research, a situation develops whereby:
  - (a) there is a breakdown in communication between the student and the supervisor;
  - (b) there are personal clashes and conflicts between the two;
  - (c) the student refuses to follow the supervisor's advice;
  - (d) a change will enhance the progress of the student the case should be reported in writing to the Head of the relevant Department by either the supervisor or the student. The Head of Department has the responsibility to hear both sides of the case (that is, from the supervisor and the student) with a written report and recommendation to the FPGSC for possible action. The FPGSC will study the report and take action or make a recommendation (where applicable) to the UPGSC.
- (17) Staff members from research institutions will be allowed to supervise ten (10) students; the main supervision will be counted as 1 and co-supervision as 0.5 students, respectively. To ensure adequate supervision, a single staff member shall not supervise more than five (5) postgraduate students at any given time. Staff members' supervision responsibilities should be taken into consideration by Heads of Departments when other teaching duties are assigned.

### 9.6.3 REMUNERATION OF SUPERVISORS

All supervisors will be remunerated upon approval of the graduation of the student by AEC, according to the tariffs determined by the University from time to time (Annex 17 – See Postgraduate Prospectus). Progress reports of the student during the duration of the study, signed by the supervisor(s), should accompany the claim form (Annex 18 – See Postgraduate Prospectus).

## 9.7 GUIDELINES ON THE WRITING OF POSTGRADUATE WORK

### 9.7.1 GUIDELINES ON THE WRITING OF RESEARCH PROPOSALS

#### 9.7.1.1 Outline of the proposal

All research proposals must be prepared according to the following layout:

**Title** of the proposed study (refer to Annex 14 for the format of the title page– See Postgraduate Prospectus)

The title of the mini thesis/thesis/dissertation research proposals should be clear and concise. From the title, one should be able to infer clearly the subject of the mini thesis/thesis/dissertation. This means that the title should be self-explanatory and limited to the scope of the study.

#### 1. Introduction

##### 1.1 Background of the study

Give a general overview and background of the research problem.

- 1.2 **Statement of the problem**  
Students should concisely formulate their research problems by clearly indicating research issues they would like to investigate in their studies. This should include the purposes of their studies
- 1.3 **Either objectives of the study or research questions (NOT BOTH)**  
Based on the statement of the problem, students should state either objectives or research questions of their studies. They should do this unambiguously.
- 1.4 **Hypotheses of the study (where applicable)**  
Where applicable, particularly in the Natural Sciences, students should state unequivocal and testable hypotheses that are based on theory and on the statement of the problem. Each hypothesis should have a clear rationale.
- 1.5 **Significance of the study**  
Students should state the importance of their studies, the anticipated contribution of such studies to knowledge and to socio-economic progress.
- 1.6 **Limitation of the study**  
Students should indicate the logistical, resource and other limitations of their studies and indicate the possible impact of such limitations.
- 1.7 **Delimitation of the study**  
Students should indicate the specific scope of the study, providing the rationale for such delimitation.

## 2. Literature Review and where applicable, the theoretical framework

Students should prepare critical, synthesised and integrated literature reviews that should demonstrate the need and justification of their studies. The reviews should show gaps in knowledge, theoretical and methodological shortcomings, need for further research, unanswered questions, and disagreements in literature and theoretical frameworks that may need to be revised to resolve controversies. In addition, the reviews should demonstrate what has been done in research areas of interest and what remains to be investigated.

## 3. Research Methods

- 3.1 **Research Design**  
Students should provide clear statements on either quantitative or qualitative research designs they intend to use. It is not necessary to provide the definitions of the research designs. However, they should specify how they intend to use particular research designs in their studies. They should not merely provide the distinction between the two generic designs.
- 3.2 **Population (where applicable)**  
Students should, where applicable, specify the population to which they would like to confine their research/studies.
- 3.3 **Sample (where applicable)**  
Students should clearly explain how they intend to draw samples from the target populations. They should specify how they intend to appropriately use either quantitative or qualitative sampling techniques to draw research samples. Merely describing what these sampling techniques are is inadequate.
- 3.4 **Research Instruments (where applicable)**  
Research instruments and measures that would be used to collect data should be clearly provided under this section.
- 3.5 **Procedure**  
The manner in which data would be collected should be explained here. How research instruments would be used to collect data should be specified in this section.
- 3.6 **Data analysis (where applicable)**  
In this section, students should provide specific descriptive and/or statistical tests that they would employ to analyse their data, and rationale. Mere reference to particular quantitative data analysis statistical packages and electronic qualitative data analysis procedures would not be sufficient.
- 3.7 **Budget (where applicable)**

## 4. Research Ethics

Students should provide detailed information about ethical issues and how they will address potential ethical dilemmas when conducting their research.

## 5. References

Students should use the referencing format approved by respective faculties/departments. Where there is no prescribed referencing format by faculty/department, the **American Psychological Association (APA)** becomes the default. There must be consistency between sources cited in the text of the proposal and sources of information indicated in reference lists. Unless critical in the area of research, primary and secondary sources of information cited shall not be more than 10 years old. Students should use refereed/verifiable sources of information.

**Research proposals submitted for consideration by the Faculty Postgraduate Studies Committee shall capture the above information in a clear and concise manner and not exceed the maximum page number stated below:**

- a) Master's by coursework (mini thesis) shall not exceed 6 pages
- b) Master's by research shall not exceed 8 pages.
- c) Doctoral Degree shall not exceed 10 pages.

In all cases the research proposal should be **Times New Roman, font size 12, double spaced** and on one side of the paper.

The faculty PGSC recommends the research proposal to UNAM PGSC for noting after evaluating the proposal using Annex 15, and issuing of the Research Permission Letter (Annex 16 – See Postgraduate Prospectus) by the Director: Postgraduate Studies;

#### **De-registration of postgraduate students who fail to make progress**

Faculties shall deregister postgraduate students who fail to make progress.
