# **UNIVERSITY OF NAMIBIA**

## **FACULTY OF SCIENCE**

**TIMETABLE 2019**

# IMPORTANT INFORMATION FOR STUDENTS

## 1. HOW TO USE THE UNAM TIMETABLE

### 1.1 Finding your modules, venues and times on the Master timetable

Now that you have finished the registration process, you should have a **“Proof of Registration” document** listing all the modules (subjects) that you have been registered for. Using the **module codes** appearing on this document, you can now determine your timetable for 2019.

On the following pages you will find a list of all modules available as part of the curricula offered in your Faculty. These modules are arranged alphabetically according to module name as Year modules, Semester 1 modules and Semester 2 modules. You need to find each of the module codes shown on your Proof of Registration document on this timetable and then generate your own individual timetable by recording the information regarding the timeslots and venue for each module in the blank timetable provided on the last pages of this timetable document.

Normally, a module code ending with a “0”, indicates a year module that is offered over the entire year (i.e. in both semester 1 and 2). The timeslot and venue for such a module will thus be found in the Year Module table. Similarly, a module with a code ending with a “1” indicates a Semester 1 module and will appear in the Semester 1 table, while a module carrying a code ending with a “2” can be found in the Semester 2 table. However, be aware that there are a few exceptions to this rule, so if you do not find your module in a particular semester, check out the other semester as well – after all, you do not want to find out that you should have attended a module after the examination is already completed!

Finally, there are some modules carrying a module code ending with a “9”. This normally means that the particular module is offered in both the first and second semester, but **you are required to attend only one of these opportunities**. During registration, you have been registered for a particular semester as reflected by the block code (BC) on your Proof of Registration document (BC “1” indicates semester 1 and BC “2” refers to semester 2).

**It is of the utmost importance that you attend the module in the specific semester that you have registered for by your Faculty Officer (according to the Block code on your Proof of Registration document) – failure to do so will result in NO EXAMINATION ADMISSION as your name will not appear on the relevant class list.**

You are most probably registered for a mixture of full and half modules - full modules run for four periods per week and half modules for two periods per week. Therefore, **please ensure that you record (and attend!) all periods listed for each of the modules on your verification document.**

The timetable has been designed in such a way to ensure that there are no clashes between modules registered for as part of the approved curriculum. However, it may not necessarily accommodate modules failed in previous years. **Please note that no timetable changes will be made to accommodate failed modules.**

## 1.2 Programmes and modules not scheduled on the timetable

While we have tried our best to ensure that all modules have been listed on the timetable, it is possible that an omission or two could have slipped in. If, after considering 1.2.1 and 1.2.2 below, you still fail to locate a particular module, please contact the relevant Head of Department for assistance.

### 1.2.1 Modules offered by another Faculty

While this timetable contains all the modules offered by the Faculty of Science as well as those modules offered by other Faculties that form part of the formal curricula of your Faculty, some of you might have registered for additional modules in other Faculties not appearing in this timetable. In order to record the venues and timeslots for such modules offered by another Faculty, you thus need to obtain the timetable for the particular Faculty and follow the same procedure as described earlier. Please note however that the timetable has been designed to ensure that there are no clashes within the approved curricula and may not necessarily make provision for such modules. **No timetable changes will be made to accommodate such registrations.**

### 1.2.2 Block teaching and other specialized modules/ programmes

Some programmes and/or individual modules (especially Masters and other programmes offered on a block teaching basis) are not scheduled on the timetable, as the times for offering these programmes are normally determined by the responsible Department. In most cases, dedicated venues have been allocated for such programmes/modules. Please contact the relevant Head of Department for information.

## 2. PRACTICALS

You will find the practical slots and venues for each of those modules with a practical component indicated next to the particular module. There are a total of 10 practical slots per week – five morning slots (Mondays to Fridays: 11:30 – 14:25 indicated as MM, TM, WM, ThM, and FM) and five afternoon slots (Mondays to Fridays: 14:30 – 17:25 indicated as MA, TA, WA, ThA and FA).

In many cases more than one practical session is offered, although you are only required to attend one session per week (or one session every other week in the case of half modules). This allows you to choose the session that fits in with your timetable. Enrollment for the particular session is handled by the responsible Department.

Please note that you are **not allowed to register for any module that clash with a practical for another module** – when you register for a module with a practical component, you must be able to attend all the theory classes as well as the **entire practical period** as stipulated in the timetable. It should also be obvious that you cannot register for two different practicals at the same time – after all, you cannot be in two places at the same time, can you?

### 3. DURATION OF LECTURES

The duration of a lecture is 55 minutes with a 5-minute break for change over to the next lecture. The times given on the Timetable indicate the beginning of each lecture.

### 4. TIMETABLE CHANGES

It should be noted that **NO changes are allowed on the timetable without the written approval of the Director: Teaching and Learning Improvement Unit (TLIU)** – lecturers and students are **NOT ALLOWED** to use alternative timeslots and/or venues as this may lead to clashes and/or double venue bookings.

In the unlikely event that a timetable change is needed, the lecturer should contact the Faculty Timetable Coordinators (Dr. R. Bock or Dr. Daniel Likius, [rbock@unam.na](mailto:rbock@unam.na); [daniels@unam.na](mailto:daniels@unam.na) Tel: 206 3423 for Dr. Bock and 206 3390 for Dr. Likius) who will provide an electronic template to be completed. Upon receipt of the completed, well-motivated request, the Faculty Coordinator will consider it and recommend the change to the Director: TLIU through the TLIU Venue Officer, Mr. K. van Wyk ([kvanwyk@unam.na](mailto:kvanwyk@unam.na); Tel: 206 3581). Timetable changes can only be implemented once written approval has been received from the Director: TLIU.

## UNAM CORE MODULES

In addition to the modules relevant to the specific qualification that you have registered for, all UNAM students are further required to register for a number of UNAM core modules - Computer Literacy, Contemporary Social Issues and either one or two core English modules (depending on the specific qualification). These modules should be done during either the first or the second semester of your first academic year, as indicated below.

**As explained earlier, you MUST attend the module in the semester that you have registered for with your Faculty Officer (according to your Proof of Registration)! You will not be able to sit for an examination in a semester for which you are not officially registered.**

Once you have compiled your individual timetable taking into account all your lectures and practicals (where applicable), you need to enroll for one of the available timeslots for **each of the UNAM core modules**. Enrollment lists will be available on the bulletin boards outside the entrance to the Old Library (F-Block).

It is important to **complete this process** by entering your name and student number on the enrolment list **before the start of classes**, as classes will start on the first day as indicated in the UNAM calendar.

### UNAM Core: Contemporary Social Issues (CSI3580)

This module will be offered online through e-Learning. Detailed information will be provided during orientation. For further information or any queries, please contact: Mr. G. Kooper at [gkooper@unam.na](mailto:gkooper@unam.na).

### UNAM Core: Computer Literacy (CLC3509)

The available slots for your Faculty are as follows:

#### Evening timetable (Diploma in Statistics)

Semester	TT slot	Time	Venue
1	L2	Tuesday & Thursday 16:30	Y311
			Y312

#### Day timetable

Semester	TT slot	Time	Venue
1	E2 Diploma in Computing	Wednesday 08:30 & Friday 09:30	F801
1	J1 Diploma in Computing	Tuesday 15:30 & Thursday 14:30	F801

1	B1	Monday 08:30 & Wednesday 10:30	F801
1	C1	Monday 09:30 & Thursday 09:30	Y311
			Y312
1	D1	Monday 10:30 & Thursday 10:30	Y313
1	D1 Military Science	Monday 10:30 & Thursday 10:30	Y311
			Y312
1	E2	Wednesday 08:30 & Friday 09:25	Y313
1	F1	Monday 11:30 & Wednesday 11:30	F801
			Y313
1	G1	Monday 12:30 & Wednesday 12:30	Y312

1	H2	Friday 12:30 – 13:25	Y312
			Y313
1	I2	Monday 14:30 & Friday 13:30	Y312
			Y313

Depending on the exact student numbers, additional slots may be allocated to accommodate all the students in your Faculty. Please liaise with the Computer Literacy coordinator (Ms. S. Mwatilifange, Room E209) if you fail to find a place in the allocated slot or if you experience a timetable clash with this module.

#### **UNAM Core: English modules**

**This module will be offered online through e-Learning. Detailed information will be provided during orientation. For further information or any queries, please contact: Mr. G. Kooper at [gkooper@unam.na](mailto:gkooper@unam.na).**
