

Topic: Development of research questions - Creating effective questionnaires

Date: Thursday, 25 July 2024

Time: 15:00 - 16:30

Venue: Virtual

Zoom: <https://zoom.us/j/93217456698?pwd=ETmiT86K1GzA6ogAAR52KWJpqVNSXD.1>

Meeting ID: 932 1745 6698 | **Passcode:** KQ2135

Prof. Lillian Pazvakawambwa

Associate Professor
Department of Computing,
Mathematical & Statistical Sciences
(CMSS), UNAM

ABOUT THE SEMINAR

Based on a selected topic, and the study objectives, the development of an effective questionnaire involves defining the target respondents, selecting the method(s) of reaching the respondents; determining; question content; wording the questions; sequencing the questions; checking questionnaire length; pre-testing and developing the final questionnaire.

ABOUT THE PRESENTER

Prof. Lillian Pazvakawambwa is an Associate Professor in the Department of Computing, Mathematical and Statistical Sciences at the University of Namibia.

Her research focuses on the applied statistics such as Epidemiology, Environmetrics, Psychometrics, Econometrics, Biostatistics, Biometry and Socio-Political applications.
